

BUILDING & CONSTRUCTION *Solutions*

WHO WE ARE

Piedmont Plastics® is your premier wholesale distributor of choice for performance plastic materials. We provide plastic sheet, rod, tube, and film to a variety of markets, including the building and construction industry. With over 50 distribution centers throughout North America, chances are we have what you need.

BUILDING & CONSTRUCTION MATERIALS

Performance plastic materials offer a unique combination of qualities that are essential for building, construction, and architectural projects. Some of the most common material options include:

- Polycarbonate
- Acrylic
- Aluminum Composite Material (ACM)
- Ultra High Molecular Weight Polyethylene (UHMW)
- High-Density Polyethylene (HDPE)
- Polypropylene Twinwall
- Polyvinyl Chloride (PVC)
- And more!

THE PIEDMONT DIFFERENCE

For over 50 years, Piedmont Plastics has developed a reputation for excellent customer service, having the most knowledgeable team, and offering superior product quality.

We are committed to maintaining high standards, and our customers continually rely on us for:

- Industry Expertise
- Custom Cut Materials and Fabrication Capabilities
- Local Inventory
- On-Time Shipping
- And more!

MATERIAL FEATURES & BENEFITS

Our plastic building and construction materials are ideal for both commercial and residential applications, including roofing panels, glazing, cladding, shelters, office spaces, canopies, and more.

Performance plastics have established themselves as an indispensable component of the construction process. Some of their advantages include:

- Solid durability and impact strength
- Great UV resistance and weatherability
- Resistance to rot, splintering, and delamination
- Good thermal insulation
- ASTM E-84 Class A Flame Rating
- Light weight
- Easy fabrication
- And more!
