

SUPRAFLEX® ECLIPSE FR BLOCKOUT BANNER

Piedmont Sign Grade® SupraFLEX® Eclipse FR is a **double-sided fire retardant blockout banner** with a super smooth finish for a superior print quality. It offers a high degree of opacity to hide images printed on the reverse side or prevent image washout from lighting behind the banner.

PSG® SupraFLEX® Eclipse is an excellent product for pole signs, point-of-sale displays, trade show exhibits and pop-up display applications.

This product is also available in:

- Alternative weights and weaves

PRINT TECHNOLOGY CAPABILITIES

- Solvent
- Eco-solvent
