

PLEXIGLAS®
BY ARKEMA

Plexiglas® EdgeFX™

ACRYLIC SHEET

Double the drama in your display.

Exhibiting dual-color edge effects, Plexiglas® EdgeFX™ acrylic sheet provides dramatic internal optics for point-of-purchase displays. This new acrylic sheet's spectacular edge colors change at different viewing angles—from separate red and blue layers to a warm pink, or from separate yellow and blue layers to a cool green. And each color option is available in a frosted or glossy surface.

- **Dynamic color changing effect**
- **Two eye-catching color combinations**
- **One-side frosted or standard high-polish finish**
- **Frosted surface hides fingerprints**
- **Fabricates and thermoforms as easily as standard acrylic**

Plexiglas® EdgeFX™

ACRYLIC SHEET

Plexiglas® EdgeFX™ acrylic sheet exhibits a stunning color changing effect that will catch the consumer's eye—dramatically blending dynamic colors into a subtle, uniform hue. Currently available in two striking color combinations, this unique acrylic sheet will attract attention to your display without detracting from your product.

Plexiglas® EdgeFX™ acrylic sheet brings you all that you have come to expect from the most recognizable name in acrylic sheet. It cuts, routs, drills, cements, polishes and thermoforms as easily as our original Plexiglas® MC acrylic sheet. No special tools or new techniques are needed to create a display that will energize your retail image.

Specify the hottest color-changing acrylic sheet on the market today:

Plexiglas® EdgeFX™ acrylic sheet RB5100 Red

Plexiglas® EdgeFX™ acrylic sheet RB5101 Red Frosted

Plexiglas® EdgeFX™ acrylic sheet YB5300 Green

Plexiglas® EdgeFX™ acrylic sheet YB5301 Green Frosted

Call to discuss a custom color combination to match your retail image. For more information, contact your local Altuglas International sales representative or call (800) 647-5569.
